

Science and Health  
Education Partnership

# VOLUNTEER IN SAN FRANCISCO'S PUBLIC SCHOOLS

## Classroom Partnership Program

Work with a K-12 teacher to co-design and co-teach  
3 engaging, hands-on science/health lessons

- Open to grad students, health professional students, postdocs, faculty and staff
- Program commitment is typically ~20 hours from November-April

## STEM Storytime

- A one time interaction with a K-5 teacher and their students
- Read a STEM picture book to a classroom, then lead a short related activity or host a brief Q&A about being a scientist or health professional

## Resource Center

- Free lending library of over 3,000 science & health materials
- Includes organ specimens, models, books, lesson plans, and other scientific equipment
- Open Monday - Thursday 2:30-6pm

**Attend an info session or get notified  
when applications open!**
