Classroom Partnership Program

Collaborate with UCSF scientists to
co-plan and co-teach 3 engaging,
hands-on lessons

- Get support teaching science from UCSF scientists
- Open to K-12 teachers
- Program commitment is typically ~20 hours

Daly Ralston Resource Center

- FREE! Over 3,000 science/health materials to use in your classroom
- Classroom sets of scientific equipment, lessons-in-a-box for engaging and hands on science lessons, organ specimens, models, books, microscopes, and more!

Open Monday-Thursday from 2:30-6pm

PAID SUMMER OPPORTUNITY FOR TEENS

SEP offers paid internships to
current Juniors interested in the
science and health fields.

We invite students to visit our
website and sign up to be notified
when applications open in January.
